PRESENTATIONS

GUIDELINES

Walk us through your site!

- Tell us about the features
- Describe the functionality
- How did you accomplish what you accomplished? (Show us 1 or 2 code snippets)
- What is the ultimate goal of the site?
- Is your design responsive? Show us!

Talk about your process

- What was tricky?
- What are you especially excited about being able to accomplish?
- Are there any known bugs or features you'd like to add in the future?
